The Henry Ford's INNOVATION NATION – LIVE!

Saturday, March 9, 2019
7:00 p.m.

*Inspired by the Emmy®
Award-Winning TV Show*

The two-time Emmy® Award winning Saturday morning show* comes to life in a brand new production. **The Henry Ford's INNOVATION NATION – LIVE!** will inspire audiences with entertaining and educational stories about yesterday and today's visionaries and innovators.

The live show features two correspondents (along with other cast members that are featured in various vignettes) that will narrate the evening, engage with the audience, and bridge between stories of innovators of the past and how they are influencing science, technology, agriculture, design, and social justice movements of today. Luminaries including Henry Ford, The Wright Brothers, Rosa Parks, and George Washington Carver, among others, will come to life on stage. Their achievements will be highlighted and reflected by showing examples of present day innovations.

*Seen locally on CBS.
